

“Every Child, regardless of disability, deserves a chance to smile and laugh as they play and have fun in an environment that provides this opportunity.” “Every Child Deserves A CHANCE to Play Baseball.”

Dear Miracle Field Supporter:

The Rotary Miracle Field project created a baseball field and a Miracle Playground that accommodates the special needs of mentally and physically challenged citizens integrated in an existing City of Dothan Leisure Services complex. It serves as a sports centerpiece not only for the citizens of our community but for all those who visit, as well as a special all-inclusive playground that accommodates those with special needs.

The Rotary Miracle Field Foundation was formed early in the Miracle Field Project as a 501C3 entity to be the supporting pillar to build the Miracle Field and Playground. In an effort to improve the lives of those with special needs in the Wiregrass Area, the Foundation is committed to supporting future needs and promoting future growth.

The Foundation’s purpose was not to just build a world class Miracle Field and Playground, but to serve as a means --- as a living entity --- beyond the original project.

With the support of Rotary, the City of Dothan, the Miracle League Board and supporters, and corporate and individual sponsors, the Miracle Field and Miracle Playground become a reality.

The Miracle Field was completed in March 2008 and the Miracle Playground in August 2010. They have brought joy to thousands in Dothan and the Wiregrass Area.

The City of Dothan Leisure Services has done an outstanding job maintaining these facilities. It is now time for repairs and updates of both the Field and Playground for these resources to continue serving our wonderful special citizens.

A critical role for the Rotary Miracle Field Foundation, in conjunction with the City of Dothan Leisure Services, is to help update and repair the Field and Playground, but we cannot do this without your help.

The Rotary Miracle Field Foundation Board is requesting your help in raising the \$120,000 needed to reach our goal.

Please consider helping with this project by donating. See the attached sheet for more information.

Please accept my deepest gratitude in advance for your support.

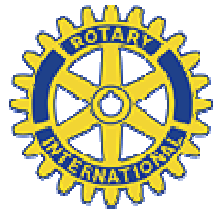

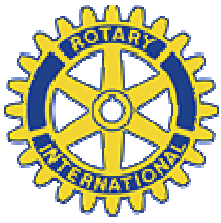

Sincerely,

Bruce McNeal
